Eugene Kozachenko was born in 1974 in the USSR. In '92, when Ukraine became an independent country, Mr. Kozachenko was a foreign languages and literature student, often working as a translator and guide for US pastors traveling in the area. Through them he heard the Gospel and became born again. In '97, God called Pastor Kozachenko to preach and to a full-time service. He worked for 11 years with the International Board of Jewish Missions (IBJM) and is now in his 15th year with Jewish End-Time Ministries (JEM). He has planted two Baptist churches, conducted international and domestic evangelistic outreaches, yet his main focus is leading Jews and Gentiles in Ukraine to the saving knowledge of Jesus Christ by everyday labor.

Chapel is free and open  
to the public.
